On behalf of ISHRAE (Indian Society of Heating, Refrigerating and Air-conditioning Engineers) we extend our heartiest congratulations to The Society of Air-conditioning and Refrigerating Engineers of Korea for completing 50 years of service to the Korean & Global HVAC&R industry. We at ISHRAE have very close association with SAREK and both have similar working styles. Republic of Korea & India have excellent relations on all fronts and always need to work together for betterment of the society and environment as a whole. I am sure with the continuing co-operation we can achieve many milestones and move towards a cleaner, safer, healthier and low energy consuming future.
